Mysore, date: June 17,1953.

Dear Mr. and Mrs. Krishna Rao,

Your dance recital has been the outstanding programme for our Seminar delegates. They have told me many times that your skilful lecture and fascinating demonstration is the highest point of the Seminar todate for them. We all wish to express our deep appreciation of your willingness to travel to Mysore to give this lecture-demonstration for the Seminar.

Unfortunately our plans to spend two days in Bangalore have been altered and we shall only be there on Saturday June 20th because of the difficulties in arranging for housing and transporting all our necessary equipment.

We shall be in touch with you and hope you can accompany our group to Belur when this trip is definitely planned and arranged. I will write you scon about this.

Thank you both again for doing such a fine performance.

Your sincerely,

Sd/- Mrs. Virginia Hart.
